### ABOUT O'HARA COMMUNICATIONS

Nanette Holland O'Hara directed Community Outreach for the Tampa Bay Estuary Program for 20 years, managing all aspects of digital and print communications for the nationally recognized environmental partnership.

She implemented innovative and widely emulated educational campaigns like *Be Floridian* (urban fertilizer use) and *Pooches for the Planet* (proper pet waste disposal).

Nanette also coordinated writing, editing, design, internal and external reviews and stakeholder input for the revision of *Charting The Course: The Comprehensive Conservation and Management Plan for Tampa Bay*, a two-year effort that will guide bay restoration for a decade.

Through partnerships with graphic designers, web developers and marketing specialists, O'Hara Communications offers a complete menu of creative services.
